Ida Rehnström

To whom it may concern

Ida Rehnström arrived in Switzerland 22 th June 1998 and started to work with us at above address untill today.

Here job was all work as stable groom amd working rider. She had to take care of 4 breeding mares, break yearlings and ride 2 – 3 racehorses in training.

We found Ida very honest, competent and reliable. She is a excelent rider and able to ride even difficult horses in training.

We have no hesitation in recommending her for work with racehorses, we say thank you for the good job she did and we wish her all the best.
